

K-LOVE is about the only radio station I listen to. Dayton-area stations are filled with lewd opinions and immoral jokes only enjoyed by the corrupt and depraved. If an LPFM station overtakes a K-LOVE station, it will further a descent into barbarianism. K-LOVE's message teaches people to respect and care for all people, and promotes the truth that people do matter and have value. Young minds in particular need that message, otherwise a race of murderers will be bred.
